Monday 25th Dec

[illegible] Sun [illegible] left for Kalabo [illegible] [illegible] [illegible] [illegible] [illegible] [illegible] [illegible] [illegible] [illegible]

Tuesday 26th Dec

Left for Kalabo Headquarters [illegible] camp 11 miles from Barotse [illegible] several herds of Mountain oxen close to the road saw a couple of Lechwe [illegible] Did not know how to get them arrived at camp had breakfast then started for the ferry crossing day very cloudy with occasional showers observed 3 flocks of storks also clusters of

eggs of Red Throat + the same number of Brown necked Raven were much larger than when I visited it in 1905 A rough estimate of the area covered by the birds between 8 & 9 acres. I noticed several traces of Royal Sparrow Tailed Cormorant nesting on Pepper many several Gulls on nests but did not disturb them as another swoop about a mile away some of them Cormorants breeding in company with Yellow bill & Sooty bills which I remember on my visit as I was getting late so returned our horses heads for home + arrived about 10 P.m. on the way home saw a Corvella cocky on tree it watched me not flush it's mate

July 1902 Mr Gray brought me a box of Eagle eggs.

August 19th 1902 Sister sent me over a pair of Short Dotted eggs which she found the previous day.

Saw thousands of Lubones on
Wildcat Swamp
Pair of finches
Male negative Bill long & curved
breast black with black mark
down breast underneath white tint
back brown or olive green, head
~~black brown~~ black sitting
on tree & uttering single piping call
constantly repeated

Lake Winnebago

Birds noted on trip

Before Sing Lark saw several
large flock of Ward swallows
Marked + White eyebrowed in
creek at camp.
Great number of Whistling Eagle
on ground near camp.
Noted Kite very numerous
Little Eagle, Kestrel,
Most half way to Langdon
saw Black Breasted Buzzard
also a few pairs of Bluebirds
+ Ring necked Parakeets.
Arrived at camp saw a few
Duck on lake also several Geese
Hawks, + Crows
Saw a White rumped Hawk
Bell Birds very numerous
Heard Meadowlark but could not get more
Shot American + saw several
Saw a pair of Widgeon
